### Unit-II

2. Read the following passage carefully and answer the questions given below :

A chimpanzee is one of the great apes and the nearest in intelligence to man, scientists have examined its mental capacities and sent it into space in anticipation of man. Chimpanzees need little description. Being apes and not monkeys, they have no tails. Their arms are longer than their legs and they normally run on all fours. They can also walk upright with toes turned outwards. When erect they stand 3-5 ft high. The hair is long and coarse. Chimpanzees exhibits great concern for each other. When Chimpanzees meet after having been apart they greet each other in a very human way by touching each other or even clasping hands. Chimpanzees have amazing social discipline. When a dominant male arrives, the rest of the Chimpanzees hurry to pay respect to it.
